

# LOW PORT CENTRE

## Code of Conduct V.1 (October 2023)

A welcoming place for all, inspiring community, wellbeing and creativity in and around Linlithgow.

**HOME:** Primarily this building is a Home for the community, where everyone can belong. It is accessible to all, where people are respected and is, as the motto of Linlithgow states, 'kind to strangers'.

**HEALTH:** This is a place to enhance mental, physical, and spiritual wellness for individuals and, through shared space and activities, to encourage life-giving connections.

**HOPE:** We aim to foster a positive and optimistic environment here, nurturing kindness, acceptance and growth.

We are pleased to share the Low Port Centre with you. We hope you will feel at home here.

All groups who use the Centre have demonstrated their ongoing commitment to the values of the Low Port Centre: Home, Health and Hope. The Low Port Centre welcomes groups that promote health and wellbeing and foster a sense of hope.

Please treat this home and all those you meet here with care, consideration and respect and be good neighbours to others in and around the Centre.

Let us know if there is anything that we could do better with the facilities or service we provide.
